	<p style="text-align: center;">Taylor Kidd Masters Survey Follow up</p> <p style="text-align: center;">Steve/Coaches Report</p>	<p style="text-align: center;">Sent out survey and first news letter.</p> <p>Shared some themes that came up. Practice Schedule: Saturdays coming off the schedule was discussed as well as the possibility of evening practices as well as making practice later. Program fees: Fees by themselves are not expensive, but when combined with rec center it is potentially a prohibitor. Overall comments: People enjoy the team atmosphere and hands on and coaching that Terry was doing. Top two reason people do masters: To get better and health benefits.</p> <p>Coaches Feedback/Coaches Plan/Long Term/Short Term Griffin: Was planning on leaving but changed his mind - happy here. Taylor: Good Wyatt is fine and happy but may be the most short term. In Carbondale as a glassblower - happy. Bob - happy, no plans to leave, but they may be buying a house in Dallas. Tisha and Ryan, pretty anchored here - no plans to leave.</p> <p>Dryland: 6 zooms and one face to face. First little kid one today. Wyatt did it and he will continue. Steve things it has gone well. Steve sits in on a coaches call every thursday morning - we are ahead of everyone - first ones to do face to face drylands. Before dryland and in the pool it was a coaches opinion to have a Covid waver/consent form. The board</p>	<p style="background-color: #e2efda; padding: 5px;">steve would type up a draft, send it to Rachel, who would then show it to an attorney and check in.</p>

		<p>agreed to create an information form that discussed what measures we were taking, not to come if you are sick, and Steve would type up a draft, send it to Rachel, who would then show it to an attorney and check in.</p> <p>Our current understanding of the county health order: no gatherings of groups of more than ten and no shared equipment. Aspen starting on Monday.</p> <p>Aquatics Director/Community Center Plan Update. Pool most likely not opening up until June or July, but there are pools opening up in other areas. Depends on City and County. Steve thinks come up with a document that is information with the parents.</p> <p>Grants for keeping teams afloat - CSI and USA Swimming. The board agreed to accept the PPP loan that we got approved. We will except all \$6000 if it looks like we can spend that on coaches, and we will back down to \$5000 if we don't think we can spend that. Discussion about how to pay Taylor/ whether or not as a contractor etc.</p> <p>Sponsor Board Update: Steve gave each sponsor three choices of how to proceed through these tough times and still stay on the board. A number of sponsors are still all in and some of them are taking options to do partial until they are afloat again. Mostly good news. Steve will send out letters and we anyone we get money from this season, treat them all as platinum sponsors.</p> <p>Zoom Social Idea - parent cocktail party via zoom and maybe kids game night via zoom. Bingo? Simple prizes. Virtual Scavenger Hunt Cristi - Clue Game where clues are on different hiking trails around Glenwood. Advocate Safe house did a scavenger hunt and they used an app called Goose Chase. Tiffany said she will reach out to Julie Olson to check on that.</p> <p>Team Sopris Masks?</p>	<p>Steve will look into getting CSI grant filled out by the 8th.</p> <p>Tiffany and Steve will investigate options.</p> <p>Tiffany/Rachel will follow up.</p>
