	<p>Cleaned Connections for Timing Pads</p> <p>Scholarship</p> <p>Families that want ot be on hold and numbers.</p> <p>Highschool Swimming and how</p>	<p>Two families that would like to take a break and go on hold. We have not had this issue before... because it is highly possible that they may not have room because of wait list.</p> <p>Steve is worried about adding kids as. Orange and Tangerine totally fill up. Thus by removing kids and not opening up spaces right now will help manage until we can have more kids in the pool.</p> <p>The plan then is to put these kids on hold, not add any more, until we hear about the CoVid changes coming in the next month.</p> <p>We had discussion about how to manage that and decided to keep it the same as years past: More than three club practices a week = club dues, less than three,</p>	

	<p>to deal with fees for people swimming both club and highschool.</p> <p>Sponsor Board</p> <p>Meets</p> <p>Practices</p>	<p>highschool prep dues for the two months of highschool swimming.</p> <p>Sponsor Board coming up in Feb. We need to deal with this.</p> <p>Highschool Meets: 12th and 13th and Feb 18th and 19th of Feb Pitkin County still in Red, so no meets scheduled up there right now. Steve would like to have 4 meets if we can so that there are enough meets to qualify for states. Do we want to have Sopris Meets on the Sunday of those weekends? It seems that the State Department of Health and CHSSA have come to an agreement to let meets happen with 50 people even in orange.</p> <p>We discussed dropping an Orange/Tangerine group on Saturday because little kids don't attend well on the weekends.</p>
