Now Steve is leaning toward Practice through the 24th and then</p> <p>Rec center will be closed Thurs, Fri, Sat, Sun of both holidays.</p> <p>We are looking at canceling groups from Red on down. Keep practice for older kids.</p> <p>Jan 25 first day of practice. First day of competition Feb 1 March 13 end of reg season, State Meet is 18,19,20.</p> <p>We will probably do tryouts for highschool. The high school will have to lean on the club to let those girls practice. Steve will work on getting the juggle between club and highschool figured out.</p> <p>We have 202 spots. We are FULL. 10 kids on the waiting list. 67 active swimmers, 21 masters.</p>	<p>Tiff and Stevie finish athlete protection and background check.</p> <p>Kayo will craft an email and send to email.</p>

	<p>Other</p>	<p>Steve put together a plan that he sent to the City which then got sent to the county where up to 13 kids max could be in the pool with carpool and family bubbles can share a lane.</p> <p>Steve increased the number of practices by 5 or 6.</p> <p>The new starter is in and sitting in Cristinis office.</p> <p>We need a techy volunteer to volunteer to come in and clean the connections.</p> <p>We have to go back to Yellow to be able to have a swim meet. This is a State Mandate,</p> <p>We will therefore push out swim meets back to piggyback with Highschool meets when those start up.</p> <p>When or if we go Red for CoVid, the max people for any people at Rec Center is 10 people total.</p> <p>If we move to Red tomorrow, we keep our practices as planned and then adjust after that.</p> <p>You can go over the number of 10 if people are in the same household. (this is the case with orange and we will stick with that with red, unless we hear differently.</p> <p>We discussed the challenge of lap swimming lanes, and team sopris practices and dealing with the limits of having 10 people in the pool. We discussed the possibility of changing holiday swim times to fit low times of lap swimming.</p>	<p>Kayo is going to reach out to Katie Keel and craft email to families. One person to call steve to clean connections for the plungers and touch pads.</p>
