

TEAM SOPRIS

The annual fees and payment plans are outlined below, as are the team policies regarding financial matters. For billing questions email coachsteve@teamsopris.org.

SWIM MEET FEES

Team Sopris swimmers will be eligible to swim in a variety of competitive meets. Meet registration fees and event fees vary from meet to meet and can be located on each meet invite. A \$15 travel fee for all meets outside of the Roaring Fork Valley will also be added to the total of the meet fees to help cover coaching expenses, excluding Aspen/Eagle County meets which are \$5/swimmer. Meet fees will be charged to the swimmer's account once entries are submitted. There are no refunds for a swimmer who enters a meet and then does not attend the meet.

Fees for in-state travel trips and in-state championship meets, (non-West Slope) and out of state championship or other qualifying meets, will be determined as follows:

- Swim meet in which six or more swimmers are attending: Team Sopris will pay all coaching expenses (not including the swimmer travel fee).
- Swim meets in which less than six swimmers are attending: Team Sopris will pay for 25% of the coaches' fees and reimbursements, the remainder will be split by the swimmers attending (not including the swimmer travel fee).
- To make all championship meets more affordable, with the goal of not limiting any swimmer financially in attending travel, championship or qualifying meets, funding assistance is summarized below.
- Please see the Team Sopris Scholarship/Grant assistance program for help with these expenses.

TRAVEL REIMBURSEMENT

- **Team Sopris reimbursement fund**

A Travel Fund has been established for Team Sopris swimmers to access for all Championship/Qualification and swim-meets outside of the Western Slope. Each year the BOD will

choose the meets that are available for reimbursement. The BOD will consider - Meet type, number of swimmers attending and meet level, prior reimbursement requests and funds available.

- **WSL league travel reimbursement fund**
 - Zone meets and higher, max \$50 per event or \$200.
 - Application is available from the Western Slope League Website
- **Colorado Swimming**
 - Reimbursement for Swimmer expenses
 - Reimbursement for Coach expenses
 - Emails to attending swimmers and coaches are sent out annually for qualified meets. Coach and family must submit reimbursement information to Colorado swimming.
 - Coaches should apply for all reimbursements possible, and any funds received should be applied to the travel fund or returned to families attending those swim meets on a prorated basis.

Contract the head coach if you would like to apply for a reimbursement.

FUNDRAISING COMMITMENT

Swimmers will be required to participate in all Team Sopris fundraising events and raise the minimum amounts listed below each year. Swimmers that swim 5 months or less during the swim calendar year will be required to raise \$100. There are no fundraising requirements for first year swimmers that join May-July. If a swimmer does not meet the required amount by August 1st, their account will be charged the difference. Please see the [fundraising tab](#) on the website for this year's fundraisers.

- **\$200 Per family per year**

VOLUNTEER POLICY

Since Team Sopris is a volunteer, not-for-profit, parent-run organization, we cannot operate without parental involvement, so the following is vital to the success of the team. Each family will be required to volunteer their time based on the requirements listed below. Requirements are based on the highest-level swimmer for families with more than one swimmer. All points must be tracked through the Active.com team site. Volunteer points remaining from the Season Requirements at the end of the year will be billed at a rate of \$25/point on August 1st. Volunteer points remaining for the Meet Support Requirements at the end of the year will be billed at a rate of \$50/point on August 1st. Please see the [Volunteer Opportunities](#) tab for a list of the committees. Swimmers that swim for 5 months or less during the calendar year will be required to complete 50% of the volunteer hours listed below. There are no volunteer requirements for first year swimmers that join May-July.

Volunteer Buyout Fee: You can opt to pay a one-time Volunteer Buyout Fee of \$350 which will exclude you from participating in fundraising volunteer opportunities. This fee, however, does **NOT** exclude you from volunteering at home swim meets.

MEET SUPPORT

Our team hosts swim meets during the season to give our swimmers the opportunity to swim close to home. Each family must work 1-2 sessions at each swim meet, hosted by Team Sopris and donate an item for hospitality. Families may also be asked to time or provide other meet support at away meets if required by the hosting team. If you paid the Volunteer Buyout Fee, it does not exclude you from volunteering at home meets.

CHANGING GROUPS

In the event the coach recommends a swimmer be moved up to a higher level during the season, the family will be notified. Monthly fees for the remainder of the agreement will be based on the higher group rate.

PARTICIPATION

To ensure the best development and performance, swimmers in our club are expected to commit to a specific number of weekly practice sessions and swim meets. For the Discovery and Challenge groups, swimmers are required to attend 2-3 practices per week. Those in the CUDA group are required to attend 3-4 practices per week. The JR/SR group members are expected to attend 4-5 practices per week. Additionally, all team members are required to participate in both home swim meets, and the Western Slope Championship meet. This commitment helps foster team spirit, improve skills, and ensure readiness for competitive events. 🏊‍♂️💪
If you have any questions or need further clarification, feel free to reach out!

PRORATING

Families who join after the September registration will pay the entire registration fee plus monthly fees starting with the first month on the team and continuing until the August payment has been made.

HOLDING FEE

Families have the option to put their membership on hold by paying a holding fee equal to 20% of the monthly dues which will be charged for each month on hold. Written or email notification must be provided 30 days prior to the intended hold date. Upon return, the annual membership will again be invoiced for the balance of the year. If you opt not to pay the holding fee your membership will be canceled, and you will be required to re-register upon your return. Developmental groups are not subject to the holding fee.

RESIGNATIONS

Families must submit a written or email notification of resignation 30 days prior to intended date of resignation. The family will be responsible for any unpaid balances owed at the time of resignation. Families of new swimmers may cancel their membership at the end of two weeks if they decide not to continue and receive a 50% refund of the registration fee paid. Written request for refund must be submitted by the last day of the two-week trial period.

MONTHLY BILLING

Families are required to set up an online account with Active to register their swimmers. Since all billing is done through Active, families are also required to enter either a checking account or credit card at the time of registration. Payments for membership dues, meet fees and any other fees incurred will be taken out automatically each month. The initial payment is due at the time of registration. If your check is returned due to insufficient funds, you will be charged for any expenses incurred by the team in addition to a \$30 returned check fee. Should collections actions on your account become necessary, you will be responsible for all costs associated with collections actions, to include court costs and/or legal fees. All funds owed to Sopris Barracuda Swim Team from the previous swimming year must be paid in full before the swimmer is allowed to participate in the new swimming year.

POOL CLOSURES Team Sopris is subject to any pool closures the Glenwood Springs Community Center might have.
